

# Logging Into Blackboard

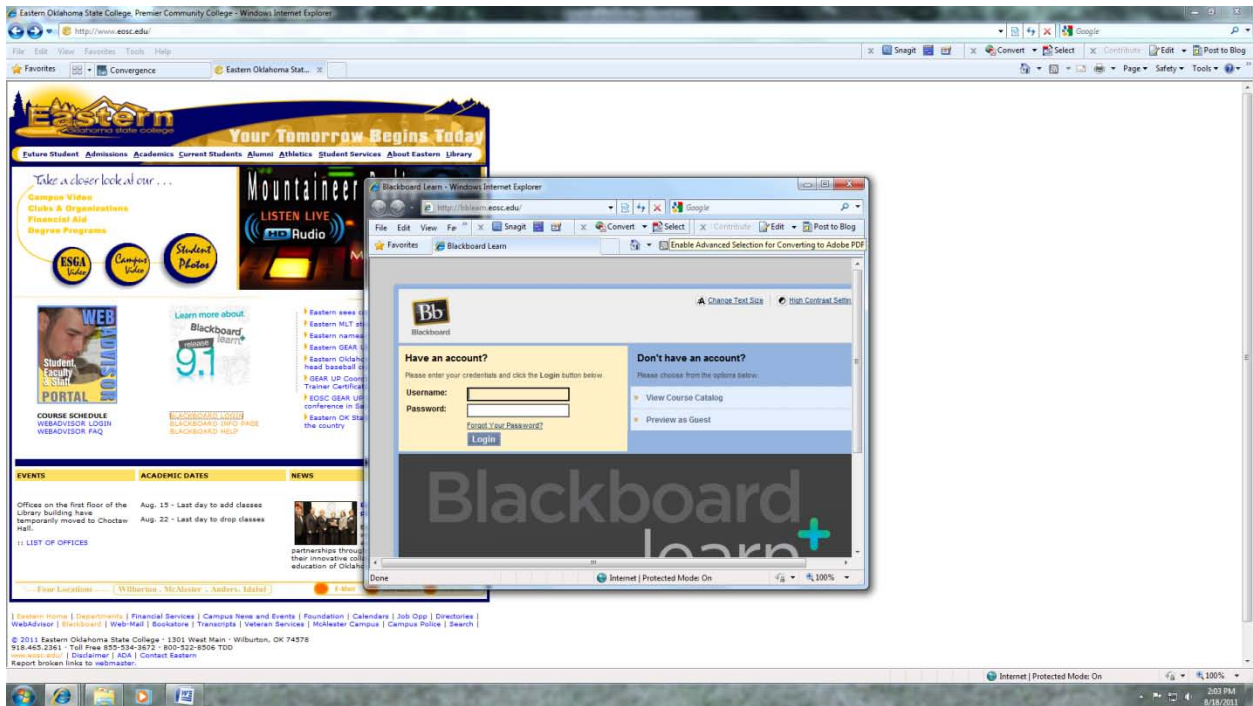

To log into Blackboard, go to the EOSC website: [www.eosc.edu](http://www.eosc.edu). To find your Blackboard username, click on **Blackboard Info Page**.

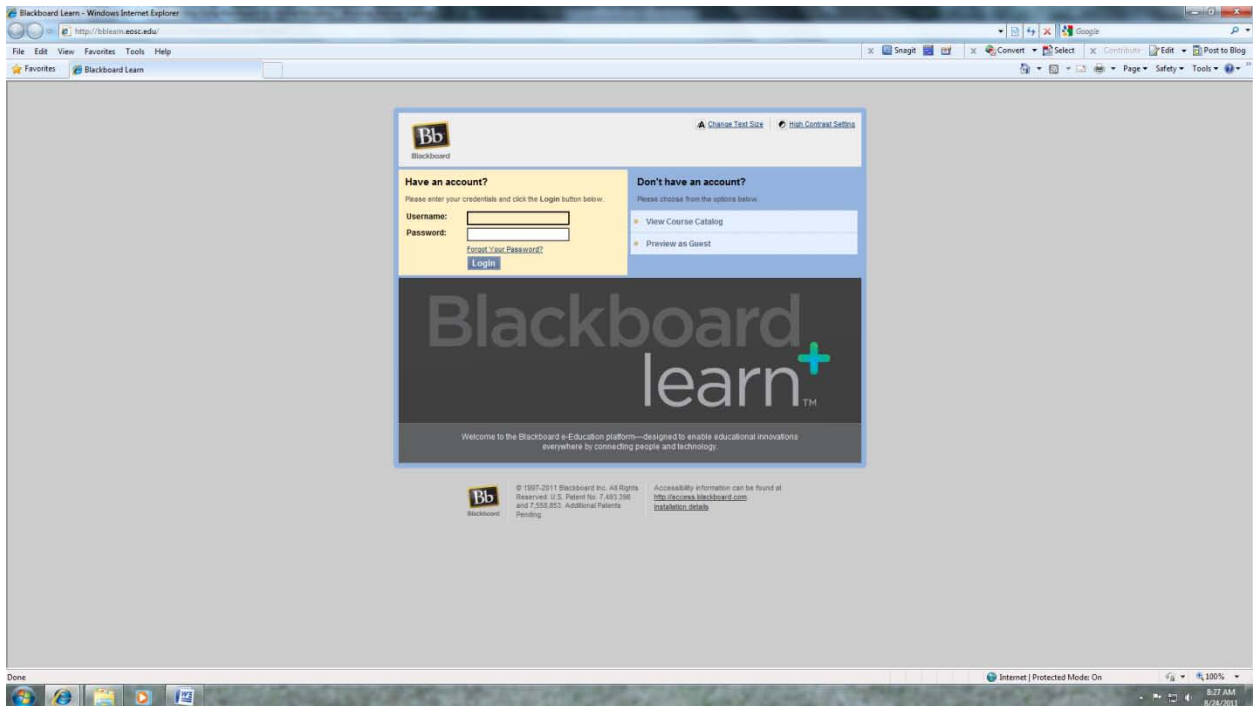

The Blackboard Info Page contains complete instructions for finding your Blackboard username and password. Follow the instructions under the heading - **What is my Blackboard username?**

After finding your Blackboard username, click on **Blackboard Login** on the homepage. There are also other links to the Blackboard login on the EOSC website. Another window will open. You may resize or maximize it if you wish.

Enter your username and password in the proper boxes, then click the Login button.

You are now in Blackboard! Remember to click Logout in the upper middle part of your screen when you are finished working in Blackboard.
